Amendment dated June 21, 2006

Reply to Office Action of March 21, 2006

AMENDMENTS TO THE ABSTRACT

Please substitute the following paragraph(s) for the abstract now appearing in the currently filed specification:

The present invention relates to a method for including the telecommunication connections needed in the use of remote monitoring of automatically operated equipment in contracts between a company maintaining said equipment and a client owning said equipment. According to the method of the invention, the above-mentioned company takes care of the administration of the telecommunication connections, including the acquisition and opening of the aforesaid telecommunication connections as well as the invoicing concerning them.
